## Maximum Protection Paint Warranty

This Agreement shall be limited to the performance of the protective coating system as manufactured by BRADLEY. When the products listed below are applied according to the BRADLEY Technical Data Sheet, the coating applied shall withstand the effects of normal use and will adhere to the properly prepared substrate without delaminating for a period of three (3) years from the date of application.

### EXCLUSIONS

This Agreement is made and entered into expressly in lieu of all other warranties, guarantees, and representation, whether expressed or implied, and all other obligations of BRADLEY.

This Agreement specifically excludes coverage for the following:

1. Unforeseen acts of God or Force of Nature; including, but not limited to, earthquakes, floods, tornadoes, lightning, hurricanes, and falling objects to natural occurrence and not limited to fire.
2. Any damage or defects in the coating system resulting from mechanical factors, structural failure, settling, cracking or splitting due to movement or shifting.
3. Failure of any previously applied architectural paints or coatings; or failure of product not sold by BRADLEY, such as, substrate materials.
4. Damage or failure due to application in adverse or inappropriate weather or drying condition; entrapped moisture or grease; lack of proper surface preparation or product coverage; structural failure; or lack of surface reinforcement.
5. Damage due to any and all repairs, changes or new addition coming within contact or range of applied product.
6. Any negligence or deliberate act due to workmanship of the product application.
7. Any negligence of the purchaser or any other persons when installing or maintaining the structure to which materials are being applied.
8. Accumulation or excessive exposure to oil, grease, mildew, fungus, chemicals, or other foreign matters or water due to structural deficiencies or insufficient drainage.
9. Improper handling, storage, or misuse of the products.
10. Normal wear and tear and accumulation of surface contaminants.
11. Gradual loss of gloss and the normal effects of weathering, which is to be expected.

Bradley reserves the right to inspect and approve any warranty claims prior to approving claim. Actual remedy will be limited to replacement of the coating system (2 gallons of topcoat and 2 gallons of primer), as well as \$100 cash payment per approved gate. Remedy to be subject to a linear prorated schedule.
